

Safe Today, Healthy Tomorrow

Older Americans Month was established in 1963, only 17 million living Americans had reached their 65th birthdays. About a third of older Americans lived in poverty and there were few programs to meet their needs. Interest in older Americans and their concerns was growing, however. In April of 1963, President John F. Kennedy's meeting with the National Council of Senior Citizens served as a prelude to designating May as "Senior Citizens Month."

Thanks to President Jimmy Carter's 1980 designation, what was once called Senior Citizens Month, is now called "Older Americans Month," and has become a tradition.

Historically, Older Americans Month has been a time to acknowledge the contributions of past and current older persons to our country, in particular those who defended our country. Every President since JFK has issued a formal proclamation during or before the month of May asking that the entire nation pay tribute in some way to older persons in their communities. Older Americans Month will be celebrated across Louisiana through ceremonies, events, fairs, and other such activities. Contact the Council on Aging in your parish for a list of activities.
