

LATAN Flooding Preparedness Alert

In addition to being personally prepared for all disasters, **LATAN offers the following checklist of suggestions that users of AT can follow when faced with evacuation:**

- Keep devices charged
- Store chargers, extra batteries, and adapters with devices
- Take a plastic zipper bag and/or electronic file (disc or flash drive) containing all AT info including:
 - Device name
 - Manufacturer's name & info
 - Model and Serial numbers
 - Vendor (Store's/Seller's) name & info
 - Date of purchase and copy of receipt if available
 - Copy of Doctor's or Therapist's prescription if available & contact info
 - Funder's (i.e., Medicare, Medicaid, Insurance Co.) name, contact info, & policy numbers
 - Label all AT devices and components with owner's name and contact info
 - Post "how-to" instructions on big or complex devices for first responders and evacuation personnel
 - If relying on local/state officials for evacuation touch base with them and remind them of AT needs

For assistance with AT devices before, during, and after a disaster, please contact LATAN:
