The month of May is celebrated nationwide as Older American’s Month in honor of our older persons for all of their contributions to their families, communities, state and country. The Administration on Aging has set aside the theme “Never Too Old To Play” for Older American’s Month 2012. To read President Obama’s proclamation about Older American’s Month, visit http://www.whitehouse.gov/the-press-office/2012/05/01/presidential-proclamation-older-americans-month-2012.

BE PREPARED FOR EMERGENCIES NOW!  It is that time of year again and Hurricane Season is upon us. We must always be prepared for any form of disaster. What defines a disaster? A Disaster is defined as anytime operations or normal activities are interrupted due to uncontrollable circumstances. Each business and individual should always be ready for a disaster or emergency. The following steps are ways to be prepared:

1. Get a Kit
2. Make a Plan (for your business and family)
3. Be Informed

To find information regarding Emergency Preparedness and how to BE Prepared, Get a Kit and Get a Disaster Plan to fit your needs, goto www.getagameplan.org. A plan will help to ensure that all individuals affected are prepared; all are safe and that services continue to the elders in your community. For additional information regarding Disaster Preparedness, goto: http://www.ready.gov/publications. Publications may be duplicated and distributed as needed.

Disaster Trivia:

A Message From the GOEA State Nutritionist:

Nutrition vocabulary has increased in the past ten years using technical terms regarding nutrition recommendations. The word *Antioxidant* today is thought of as the “Preventer of Illnesses”. Antioxidants are vitamins: A, C, E and minerals: Zinc and selenium. Adding more fruit and vegetables of any kind to your diet will improve your health, but some foods are higher in antioxidants than others. The three major antioxidant vitamins are Beta-Carotene (Vitamin A), Vitamin C, and Vitamin E. These are found in colorful fruits and vegetables, especially those with purple, blue, red, orange, and yellow hues. To get the biggest benefits of antioxidants, eat these foods raw or lightly steamed, don’t overcook or boil.

**Medicare Improvements for Patients and Providers Act of 2008 (MIPPA-Louisiana)**

The MIPPA Louisiana Grant, which will end June 30, 2012 has helped many of our medicare eligible seniors with the enrollment process for Low Income Subsidy (LIS) Program which is commonly known as the “Extra Help” Program, and Medicare Savings Plan (MSP) Program. The LIS program is administered by the Social Security Administration and the MSP program is administered by the Louisiana Medicaid Program. The Governor’s Office of Elderly Affairs (GOEA) contracted with the Area Agencies on Aging across the state to provide enrollment assistance into these programs and the Aging Disability Resources Centers (ADRC) to develop community partnerships for future assistance. Approximately 2000 seniors have received enrollment assistance across the state of Louisiana and the ADRC’s have developed 150 community partnerships. For more information about MIPPA Louisiana or the Low Income Subsidy Program (LIS) and Medicare Savings Plan (MSP), you may contact the following:
