From the Director's Chair...

As you are no doubt aware, the Legislature adjourned its annual Regular Session on June 12, 2025. GOEA was pleased that our budget was accepted in House Bill 1. We were also very pleased that House Bill 126 was successful, as that permanently increases state funding for each Council on Aging. We attended the signing of House Bill 263, which will facilitate our Elderly Protective Services investigators' requests for crucial financial records when investigating alleged financial exploitation. House Bill 363 was signed, making the exploitation of elderly persons a specific crime, punishable by up to ten years in prison and a fine of \$10,000.

The federal budget procedure is ongoing, but thus far, we are pleased overall with the proposed funding for most of our senior programs. We will keep you informed as we receive more information.

Thank you for all you do every day for Louisiana's seniors!

Sincerely,

Amanda Smith, Executive Director

East Baton Rouge Council on Aging: The Governor's Office of Elderly Affairs (GOEA) held its Statewide Spring Conference April 1st – April 3rd. Through a collaboration between GOEA and our CEO, Mrs. Tasha Clark-Amar, a networking tour was held on April 1st for all conference attendees. Attendees were able to tour Lotus Headquarters, Lotus Village Senior Living Community, the CareSouth Geriatrics Medical Center, the Ageless Circle, and finished up at The Lotus Senior Center with a wonderful reception. Team EBRCOA was thrilled to host this tour for our fellow Council on Aging mates and we look forward to all the great things to come as a result of it. During the remaining conference dates, we heard from key speakers on policies and procedures, attended breakout sessions, and made connections with several supporters from across the state.

Governor's Office of Elderly Affairs: Would like to wish Ms. Pat Jones a very Happy Birthday, She turned 95 in May!

Governor's Office of Elderly Affairs: GOEA was very pleased to attend the signing of House Bill 263. Signing this bill into law grants the Office of Elderly Affairs the necessary authority to more efficiently obtain financial records from banks to protect vulnerable elderly adults from financial abuse.

GOEA's 2025 Subgrantee Conference was held on April 1-3, 2025, at the Crowne Plaza Hotel in Baton Rouge, Louisiana. We are happy to announce the conference was a success and we look forward to more events in the future! Thank you to all of the presenters, participants, and staff for your help making this event a success!

Hurricane Season

The Atlantic hurricane season lasts from June 1st through November 30th. Although the potential for storm surge and tidal flooding is primarily a concern for South Louisiana residents, other hurricane effects, such as high winds, tornados, and heavy rainfall with flooding may affect residents throughout our state. A lack of awareness and preparation is common in all major hurricane disasters. Know your vulnerabilities and what steps you should take to help reduce the effects of a hurricane disaster.

Understand Warnings

- Hurricane Watch: Conditions are possible in your area, usually within 36 hours.
- Hurricane Warning: Conditions are expected in your area, usually within 24 hours.

Evacuation Tips

- If advised to evacuate by authorities, do so promptly.
- Create a family communications plan—designate a contact outside the storm area.
- Pack emergency supplies: water, food, protective clothing, blankets, or sleeping bags.
- Secure your home: unplug appliances, shut off electricity and water, and secure loose outdoor items.

Before the Storm

- Monitor local news for updates.
- Check and restock your emergency kit.
- Fuel up your vehicle.
- Board up windows and secure outdoor furniture.
- Set refrigerators/freezers to the coldest settings.
- Store safe drinking water.
- Review your evacuation plan.

After the Storm

- Tune in to local radio or TV for guidance from state and local officials.
- Return home only after authorities advise that it is safe to do so.

For a complete list of storm preparation guidelines, visit the LA Governor's Office of Homeland Security and Emergency Preparedness "Get a Game Plan" website at <https://getagameplan.org/> and download the FEMA smartphone application to access important safety tips on what to do before, during, and after a hurricane. Hurricane Season Outlook

Forecasters within the National Oceanic and Atmospheric Administration (NOAA's) National Weather Service predict above-normal hurricane activity in the Atlantic basin this year. NOAA's outlook for the 2025 Atlantic hurricane season, which goes from June 1 to November 30, predicts a 30% chance of a near-normal season, a 60% chance of an above-normal season, and a 10% chance of a below-normal season.
